Oilsands Quest announces participation at conference

Calgary, Alberta -- Oilsands Quest Inc. (NYSE Amex: BQI) announces its participation at the Canadian International Petroleum Conference ("CIPC") being held in Calgary from June 16-18, 2009. The conference features a series of technical sessions where oil and gas industry professionals present the latest in research or real-world applications of new or improved technologies for an array of petroleum industry topics.

June 2009 CIPC conference participation

Oilsands Quest Engineers will be making two presentations on June 18, 2009. The presentations will be posted on the company's web site (www.oilsandsquest.com):

- Tyler Krausert, Reservoir Engineer, will provide a presentation entitled "Test Site 1: Planning a Field Test – For In Situ Recovery of Axe Lake Bitumen with Horizontal Wells."
- Dr. Gary Tian, Senior Engineer Technology Testing & Development will provide a presentation entitled "Field Measurements of Low Energy Oil Sands Mobility – The Bottom-up Process."

About Oilsands Quest

Oilsands Quest Inc. (www.oilsandsquest.com) is exploring Canada's largest holding of contiguous oil sands permits and licences, located in Saskatchewan and Alberta, and developing Saskatchewan's first global-scale oil sands discovery. It is leading the establishment of the province of Saskatchewan's emerging oil sands industry.
